

For over 40 years, we've been dedicated to designing, crafting, and perfecting outdoor furniture that blends beauty, comfort, and durability. From our design studio to your backyard, we ensure that every piece meets the highest standards of quality and craftsmanship, providing a seamless outdoor experience that lasts season after season.

At Life Outdoor Living, we believe that your outdoor space is an extension of your home. A place to relax, entertain, and create lasting memories. Our collection is designed to cater to every outdoor moment—whether you're hosting friends, enjoying a family gathering, or finding solitude in the morning sun. With an eye for detail, we offer a wide range of furniture that is both functional and stylish, perfectly suited to your needs.

Every item is thoughtfully designed to withstand the elements and enhance your outdoor lifestyle, allowing you to enjoy the fresh air, the sun, and the changing seasons in style.

Life Outdoor Living.

Make the outdoors yours.

Materials

Aluminium

Aluminium garden furniture is lightweight and easy to maintain. Aluminium is resistant to rust, UV rays, and colour fading, making it a popular choice. With its modern look, aluminium pairs well with materials like teak and textilene for a personalised style. Our aluminium frames feature a durable powder coating that resists scratches and stains, ensuring lasting colour. Many pieces also include wear plugs, drainage holes, and adjustable feet for enhanced durability.

Teak

Teak wood is a beautiful, natural material ideal for long-lasting outdoor use, known for its resistance to mold, rot, and splintering. Naturally containing oils, teak is heat-absorbent and ages to an elegant platinum-grey. Our teak furniture is sustainably sourced, all our pieces are certified by SVLK or FSC® standards.

Ceramics

Our ceramic tabletops feature a thin ceramic layer bonded to safety glass, providing extra strength and flexibility to prevent cracking. Ceramic is a durable, heat-resistant, and colourfast material that resists scratches and stains, making it perfect for outdoor living. It has the natural look of stone and pairs well with other materials. Additionally, it's low-maintenance and acid-resistant, ensuring lasting beauty and practicality.

Stonex

Introducing Stonex – our innovative, trendsetting material for outdoor tables. Made from multi-layered microcement with a waterproof coating, Stonex is low-maintenance and built to withstand varying weather conditions. The Stonex tables, pairs effortlessly with our teak collections or other seating options. Perfect for Japandi and Ibiza-inspired settings, Stonex brings seamless elegance to any garden.

RuCore

RuCore is a versatile and innovative material we've been incorporating into our collection for some time. Designed as a modern alternative to wicker, it features a durable core made from either flexible PVC, soft foam, or high-strength yarn, wrapped in a seamless, woven synthetic sheath. This unique construction ensures exceptional comfort, flexibility, and minimal water absorption, with quick drying times and high colourfastness.

RuCore+

RuCore+ is a durable, water-repellent material combining style and comfort. Built with a rubber foam core, synthetic sheath, and an extra layer of Allweather material, RuCore+ offers exceptional support and protection against moisture. The added Allweather material (which differentiates it from RuCore), ensures quick drying and easy maintenance. The braided texture complements the trend of organic materials, making it perfect for a natural outdoor look.

Sintered Stone

A resilient and eco-friendly material crafted under extreme heat and pressure. Made from high-quality minerals and stone particles without binders, it contains only 0.5% moisture, ensuring exceptional resistance to wear and the elements. Unlike ceramic, sintered stone does not require glass backing for strength, allowing for thicker, robust designs. Our optimized production process minimises waste, offering a sustainable and efficient solution. Perfect for sleek designs with lasting performance.

Polywood

A lightweight, long lasting, and low-maintenance alternative to wood. Made entirely from melted plastic granules, Polywood is crafted into planks with natural wood grain textures and colours, offering a refined, authentic look. Unlike real wood, it's resistant to cracks, splintering, and graying, ensuring long-lasting beauty and comfort. Polywood is also warm to the touch, making it ideal for outdoor furniture. While it doesn't require coating or painting, we recommend using coasters to protect it from heat damage.

All-weather cushions

All-weather cushion material is fully weather-resistant, designed to stay outdoors year-round without showing signs of wear. Its durable, water-permeable fabric allows rain to flow through, while the open-cell filling structure ensures quick drying. This means you can enjoy your outdoor seating soon after a rain shower. All-weather cushions also resist fading, mold, and dirt, eliminating the need for storage space.

Soltex cushions

Enjoy the comfort of soft, water-resistant cushions with Soltex Made from Soft Touch textile and synthetic fibers, Soltex cushions are soft, water-repellent, and durable, standing up to summer weather with minimal maintenance. These cushions can stay outside from spring to autumn, needing storage only in winter. Soltex offers a natural look and feel, resists fading, mold, and dirt, and has machine-washable covers for easy care.

Comforma cushions

Our Comforma cushions, crafted from ultra-soft Comforma fabric, are perfect for use under a canopy or covered area. These cushions provide indoor-level comfort with a soft feel, plus a special coating that repels dirt and liquids, even red wine! Ideal for those who prioritize softness and are willing to store cushions during bad weather. Comforma cushions resist fading, mold and stains and are easy to clean.

All-weather

Your set is ready for use 365 days a year.

- Can be left outside year-round
- Open structure
- Water-permeable

Soltex

Soft water-resistant cushions.

- Can be left outside during spring and summer

Protection covers

Protective covers are the ideal way to keep your garden furniture in top condition. They shield your furniture from the elements, dust, and dirt, allowing you to enjoy your outdoor pieces for longer. Our covers come in various sizes and materials to suit different types of garden furniture.

life guarantee

Life Outdoor Living has a fair warranty policy on all its products. All our products are made with care and from high quality materials. In addition to our warranty we also have a well-trained after sales team who assist our dealer network to ensure that you can enjoy your Life Outdoor Living purchase for many years to come. We have tried to convey the colours and structures pictured in this brochure as accurately as possible, but slight differences are possible. Ask your contact person for the terms and conditions.

For any inquiries about our products and maintaining them, please get in touch with our Service Department:
